ADDITIONAL FEATURES

- Hand-polished finish.
- Patina applied using French hot process, so color is ingrained in the copper.
- Tubs are handmade and therefore unique. Expect slight variations in finish and dimensions ($\pm 1"$).
- Requires wall-mount or floor-mount tub filler.
- Includes a standard overflow which remains open to allow water into the drain.
- Insulation option: increases heat retention and prevents condensation due to water and air temperature fluctuations.
- To keep the tub in premium condition, it is recommended to not use anything abrasive for bathing or cleaning, including products like Epsom salts, bristle brushes, and harsh soaps.
- Air tub features 12 air jets that massage and relax. Remote control works within 15-foot radius and is designed to float. Tub and air system come fully assembled.
- Optional Quick Connect Drop-In Drain Kit Includes:
 - Floor Plate, 1-1/2" PVC Pipe, 2" x 1-1/2" Trap Adapters, 1 Brass Threaded, 1 Brass Unthreaded Tailpiece and Plug.
