

HANGING PLANT BRACKET INSTALLATION

BEFORE INSTALLING

Before you begin, read the installation instructions below. Observe all local building and safety codes.

INSTRUCTIONS

Unpack and inspect the product for shipping damage. If you find damages, do not install. Contact Customer Relations at 1.866.855.2284. If you need assistance or have questions while installing your item, contact Customer Relations.

We recommend consulting a professional if you are unfamiliar with installing hardware. Signature Hardware accepts no liability for any damage to your home, or for personal injury during installation.

TOOLS AND MATERIALS:

Pencil

Drill

Level

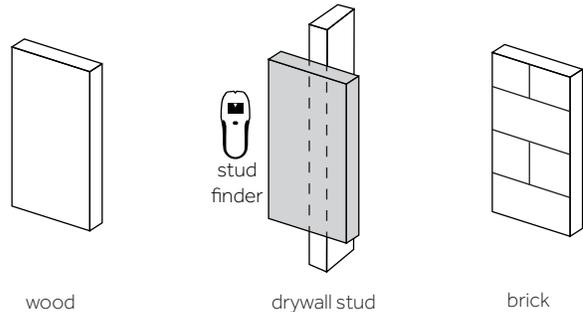

Screwdriver

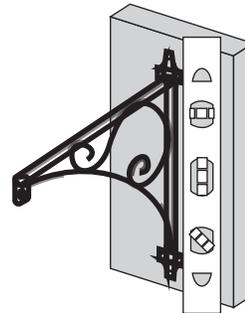

Stud Finder

INSTALLATION

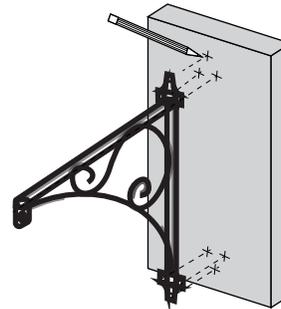

1. Locate where you wish to hang your plant bracket. The bracket will need to be mounted to wood. If mounting to drywall, use a stud finder to locate a stud. If mounting to brick, you will need to use concrete bolts or anchors (not provided).

2. Hold the plant bracket against the location you wish to mount. Use a level to ensure the bracket is properly aligned.

3. While holding the bracket in place, mark the location of the mounting holes with a pencil or marker.

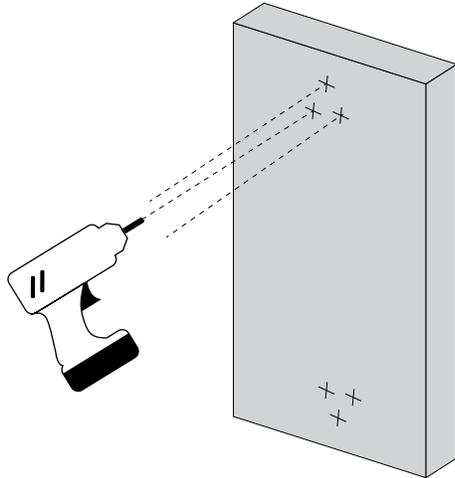

HANGING PLANT BRACKET INSTALLATION

INSTALLATION

4. Drill small pilot holes in the marked locations from step 2.

5. Attach the bracket to the wall using the provided mounting screws. Be careful not to overtighten, which could strip or break the screw.
